

INDEX

PAGE

Looks, structure, and overview

- 1-3 Cover Page.Index.Contents
- 4-6 High Performance Vertical Machining center
- 7 High rigidity, high-precision structure design
- 8-10 High Speed Spindle Unit
- 11 Unique design
- 12 High-speed, high-precision linear glide rail
- 13 Tool Changing System-ATC

Chip Removal System

- 14 Highly Efficient Chip Removal Mechanism
- Control System
- 15 Cooling System

Machine option

- 16 High Performance Configuration
- 17 Safety Door

Operation

- 18 Convenience
- 19 Accessibility
- 20 User-friendly

Controller

- 21 Advanced Control System

High Precision

- 22 Advanced Inspection Equipment and Technology
- 23 Machine Equipped Measuring Devices

Machining Performance

- 24 High-efficiency and high-performance cutting capacity

Equipment Specification

- 25-26 Outline Dimensions
- 27 Worktable Dimensions
- 28 Machine Specifications
- 29 Equipment List

Business and Service Locations

- 30 Business and Service Locations

Production Site
